Session Descriptions:

Ideas and Resources for Tutoring Center Administrators

Dr. Alan Craig
Director, Learning and Tutoring Center – retired
Georgia Perimeter College
acraig5@gsu.edu

Tutoring center administrators—both new and experienced—will be presented with a host of ideas and resources for gaining traction in their new environment or improving existing tutoring centers. These ideas and resources can be used to form the basis of an action plan for the next year as well as a multi-year strategic plan. Alan will also include tips based on his experience as a reviewer for the Learning Centers of Excellence program of the National College Learning Center Association. This session is an abbreviated version of a popular workshop that Alan has presented for over a decade at the NCLCA conference each fall.

The Quick and Dirty Guide to Certifying Your Center

Rebecca Cofer

Coordinator, Academic Achievement Center

Abraham Baldwin Agricultural College

rcofer@abac.edu

Did you know that certifying your tutoring center not only benefits you but also helps with SACS accreditation, funding and program consistency? Now is the time to get your center certified through one of the nation's major certifying bodies. This presenter has certified two centers in two different states throughout various stages and is ready to share the secrets to success. Certification can seem like a daunting and overwhelming process, but you may already have all the right tools at hand. If your center is ready to dive in to certification or is approaching re-certification, this is the session for you. Attendees will leave with concrete steps and resources to take back to institutions.

4 Generations in the Workplace & Higher Education

Dr. Lizann Gibson

Supervisor, Learning & Tutoring Center

Georgia State University, Perimeter College, Alpharetta

lgibson@gsu.edu

This workshop will give insight and understanding into the backgrounds and events that have shaped the beliefs and traits of four generations. Using everyone's skills and talents to accomplish a common goal, we can be more productive:

- Traditionalists 1925-1945
- Baby Boomers 1946-1964
- Generation X 1965-1981
- Millennials 1982-2002
- Next Gen 2003-2023—They are rapidly approaching college age!

Which one are YOU?
